**THIS DIRECTIVE SHALL SERVE AS THE COMMISSION'S ORDER ON THIS ISSUE.**

**SUBJECT:**

DOCKET NO. 2014-201-E - Application of Duke Energy Progress, Incorporated for Approval of the Transfer of Property – Discuss This Matter with the Commission.

**COMMISSION ACTION:**

Approve the transfer of a presently " installed spare" Duke Energy Progress owned transformer to Duke Energy Florida. This transfer is necessary following a transformer fire at a Duke Energy Florida generating station near St. Petersburg, Florida, and the associated loss of generation capability. This intercompany asset transfer was only proposed after Duke Energy Florida efforts to find another suitable spare transformer were unsuccessful. Duke Energy Florida expects to have a replacement transformer in place by the end of 2014, at which time this spare transformer, or a transformer of equal or greater value, will be returned to Duke Energy Progress. This transfer will not jeopardize Duke Energy Progress' ability to render electric service to its customers, according to Duke Energy Progress. There is no objection to the transfer by the Office of Regulatory Staff.
